This class will meet for five, 60 minute sessions. This wonderful program engages the curiosity, natural musical gifts and sensitivity of the very young child. Child and parent, or caregiver, will learn about the great outdoors and interesting creatures unique to the coastal environment through singing, creative movement, instrument play, chants, finger plays and story time. We will dive into lessons such as *On My Beach Blanket*, *Riding the Waves* and *The Deep Blue Sea*. The \$40 material fee includes daily picture/song folders, a listening CD, a set of seashell castanets, and the daily craft materials.

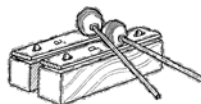

This class is for adult and child together and is limited to 12 families. A small craft project will be included during the end of the hour. If you have more than one child attending this class and the younger child is under 10 months, there is no additional charge for the younger child. Please note, this class is designed to be a special time for the enrolled toddler and attending adult. If a younger sibling joins the class who is crawling (i.e. out of an infant seat or infant carrier) we encourage you to consider joining our “Family Time” summer program. Younger siblings who are 10 to 18 months of age, are welcome to join this class for an additional \$40 to cover craft and material costs.

Included in the curriculum package is a storybook, a **frog guiro** instrument and a listening CD.

If a second child from the same family is enrolled in this class, the **cost for the second child would be \$65** to allow for the purchase of a sibling curriculum package.
